

Digital Sensor Pulse Counter

Model: SH7EC

Product Description:

- 1- Face plate standard size: 48x24 mm
- 2- Own internal power supply
- 3- 6-digit LCD display
- 4- Reset panel with lock to prevent misoperation.
- 5- Can accumulate up to 999999
- 6- No mechanical wear, long life

Technical parameters:

Power	Internal power supply
Battery life	≥ 5 years
Character size	6.7mm
Error	≤ 0.02%
Access to the largest contact resistance	≤ 10KΩ
Disconnect the smallest contact resistance	≤ 500KΩ
maximum residual voltage	0.5V
Minimum signal pulse width	≥ 0.2S
Reset mode	panel reset button, external reset terminal
Temperature	-10 ~40 °C
Weight	60 g
Size	22.2 x 45 mm

Made in China
