

Sensor Pulse Counter

Model: GX-06R

Features:

- 1- Internal power supply,.
- 2- Cumulative number of accurate.
- 3- 6 LCD display, showing large and clear.
- 4- Reset panel with lock to prevent misoperation.
- 5- Accumulated the largest number of 999,999.7. No mechanical wear, long life

Technical parameters:

- 1- Power: Internal power supply
- 2- Battery life: ≥ 5 years
- 3- Show high character: 6.7mm
- 4- When tired of error: $\leq 0.02\%$
- 5- Access to the largest contact resistance: $\leq 10K\Omega$
- 6- Disconnect the smallest contact resistance: $\leq 500K\Omega$
- 7- Enter the maximum residual voltage: 0.5V
- 8- Minimum signal pulse width: $\geq 0.2S$
- 9- Total: 60 grams of about
- 10- Reset mode: panel reset button, external reset terminal
- 11- The use of ambient temperature: $-10 \sim 40^{\circ}C$

Made in China
