

Composite & S-video to VGA Converter

Model: FLY7503W

Description:

FLY7503W-BNC Composite Video and S-Video to VGA Converter supports both normal 4:3 screen and 16:9 & 16:10 wide screen with output VGA resolution up to 1680x1050! It is suitable for connection of CCTV CDD Camera, DVR, to PC monitor. 3D video-processing tech is applied. The converted picture is rich in color and outputs at high definition without any distortion.

The connection on the back of DVR and CDD camera is BNC female, which is to be connected to the BNC input of FLY7503W-BNC. The output video quality is better than the direct VGA output from DVR
