

8x8 VGA Matrix

Model: SB-8180

Specifications:

- 1- Support 8 inputs to 8 outputs Matrix Switcher
- 2- 8 x 8 high speed non-blocking switch arrays
- 3- Complete solution. Buffered inputs. Eight output amplifier
- 4- Video Bandwidth : 380MHz (-3dB), 200 mVp-p
- 5- Excellent Video Performance
- 6- Low power of 45mA
- 7- Low all hostile crosstalk of -83 dB @ 5 Mhz
- 8- Excellent ESD rating : exceeds 4000 V
- 9- Switching RGBHV in LCD monitors and plasma displays
- 10- Suitable for XGA, SXGA, UXGA, WUXGA(1920x1200) resolution displays
- 11- Front pushbuttons with LED readout
- 12- Infrared : IR remote control (38KHz)
- 13- Support RS 232 interface control driver for 95/98/2000/xp
- 14- A Windows-based control software Driver packaged
- 15- RS 232 protocol list with manual attached
- 16- Enclosure type : Support 19 inch Ear & Rack mountable panel
- 17- Support Lower power consumed full load under 650mA

Made in Taiwan
