

NA-100 *10/100Mbps PCI Fast Ethernet NIC*

NA-100

Features

IEEE 802.3 / IEEE 802.3u compliant, 10Base-T and 100Base-Tx

Complies with PCI specification 2.1, 2.2, ACPI 1.0, and PCI bus management 1.1

10/100Mbps auto negotiation

Full duplex operation of up to 200Mbps throughput by auto-detection

STP connector provides unified 100Base-Tx and 10Base-T network media interface

Web-based management for both local and remote control

Support for Wake-on-Lan (NA-100W model only)

Approvals: FCC Class B, CE MARK

Made in Taiwan
