

OPTICAL CABLE INDOOR SX SM

Features:

*FIBER INDOOR CABLE structure:

GJFJBV--Fiber with cladding in the middle surrounded by aramid yarn and covered PVC outer jacket.

* Fiber Indoor Cable Applications:

As pigtail cable for communicational device or apparatus

As Live connector or Jumper

For indoor connection layout

* Fiber Indoor Cable Installation methods:

Vertical Installation

Horizontal Installation

Inside equipment

In gap

In the wall

* Fiber Indoor Cable Temperature range

Operating temperature range: -40° C to +60° C

Storage / Transport temperature range: -40° C to +70° C

Installation temperature range: -20° C to +60° C

Cable core	Fiber cable diameter (mm)	Weight (kg/km)	Pulling tension (N)	Pressure tension (N)
4	4.8	18.4	200/600	200/1000
6	5.2	22.0	200/600	200/1000
8	5.6	24.0	200/600	200/1000
10	5.9	27.0	200/600	200/1000
12	6.3	31.0	200/600	200/1000

MADE IN CHINA
