

8-Port Switch Hub

Model: TEH108

Description:

TEH108SK, 8-Port Fast Ethernet Switch, with desk-type design, is specially designed for SOHOs and medium/small enterprises. With 2M dynamic fast memory, support store-and-forward mode at 10/100Mbps per port. To transport point-to-point on many workstations without confusion, LED Panel indicators display power, network control and port speed rate, which can eliminate congested phenomenon because of sharing resources, increase throughput and reduce the time.

Features:

- Complies with IEEE802.3 10Base-T Ethernet, IEEE802.3u 100Base-TX Fast Ethernet standards
- 8 RJ-45 ports connects to other 100Mbps network devices at 10/100Mbps
- Supports Auto MDI/MDIX
- Data transfer rate is 148800pps/port at 100Mbps line speed.
- Data filtering rate can eliminate all the Alignment Error .
- 1K filtering address table.

Specifications:

Model	TEH108SK
Input voltage range	AC9V 600mA
Consumption	2.5W
Operating conditions	Temperature: 0~40°C, Humidity: 10~90% RH non-condensing
Storage conditions	Temperature: -40~70°C, Humidity: 5~90% RH non-condensing
Standards and protocols supported	IEEE 802.3, IEEE 802.3u, IEEE 802.3x
Network media	10Base-T: Cat3 or 3e UTP; 100Base-TX: Cat 5 UTP
Backplane bandwidth	1.6Gbps
Filtering address table	1K
Power supply	AC 9V 600mA
User manual	✓
Warranty card	✓
ROHS	✓
QA certificate	✓
Language	Chinese, English
Dimensions	165(L) x 107(W) x 21(H) mm
