

# QUICK CHARGER POWER

## Model:RG-C30AH

### Specifications:

|                         |                                                           |
|-------------------------|-----------------------------------------------------------|
| Model                   | RG-C30A                                                   |
| Battery                 | 5A~18A : DC6-12V ,30A 40A : 6-12/24V 60A : 6-12/24/36/48V |
| Input voltage           | 220V±10%                                                  |
| Output voltage          | DC12/24V                                                  |
| Frequency               | 50/60Hz                                                   |
| Output protection       | Short circuit,Charging full                               |
| Environment temperature | -10°C~40°C                                                |
| Relative humidity       | 80%                                                       |
| Insulation resistance   | 2MΩ                                                       |

Made in China
