

Laser range finder 15-800M

Features:

1. Eyepiece lens
2. Objective lens (laser emission lens)
3. Laser receiver lens
4. Mode button
5. Power button
6. Battery compartment

Specification:

Magnifying power	6x
Objective lens	25mm
Prism	Bak4 roof prism
Focus system	Eyepiece lens
Coating	Multi coating
Exit pupil	3.8mm
Eyerelief	12mm
Field of view	122m at 1000m : 122 yds/1000 yds
Distance that can be measured	15m to 800m : 16 yds to 440 yds
Standard mode at raining condition	>150m
Accuracy	Normal condition +/- 1 meter/yard
Display	LCD indicator
Power source	DC 3V(CR2 battery x 1)optional
Dimensions	40x105x75 mm
Weight	180g
Laser wavelength	905nm
Laser peak output power	33W max

Made in China
