

Dual Input K-type Thermometer

Model: 630

Features:

- 1- Portable 3 1/2 digit, compact-sized dual input digital thermometer
- 2- Designed to use external K type thermocouples as temperature sensors
- 3- Can display the temperature difference between its two inputs
- 4- Backlight
- 5- Display Hold
- 6- Max. Hold

Specifications:

Measurement Range	-58 ° to 2000 ° F (-50 to 1300 °C)
Resolution	1 ° F/°C, 0.1 °F/°C
Basic Accuracy	+(0.3% rdg + 1°)
Sensor Type	K-type thermocouple
Sample Rate	2.5 times per second
Operating Temp. & Humidity	32° to 122°F (0° to 50°C), at < 80% RH
Power Supply	9V battery
Battery Life	> 200 hours typical
Dimensions (H x W x D)	6.1x2.6x1.4" (156x65.5x35 mm)
Weight	7.05 oz. (200g)

Made in U.S.A.
