

Digital Power Supply (0~2A 0~30V)

Model: PS-302D

Specifications:

- The power supply input: 110 or 220V AC
- Output voltage: 0-30V DC
- Work temperature : 40°C-70°C
- Empty carry to exhaust : <0.25W

Features:

- Output constant current adjustable.
- Output constant voltage adjustable.
- LCD voltage and current display.
- Constant voltage and current operation in individual.
- Over current protection.

Made in China
