

Voltage detector

Model: KD1

General Information:

- 1- Detect AC voltage safely
- 2- Lead-free
- 3- Fast and easy to use pen type

General Specification:

Voltage range	AC 80 – 600V, 50/60Hz
Measurement	Voltage detection
Electrical wire to be measured	Open and coated wire
Insulation resistance	AC2000V for 1 minute
Indication	LED and continuous beeping sound
Sound volume	≥50dB at a position 50cm away
Batteries	Alkaline button cell LR44 (1.5V) *2
Operating temperature	0 to +40°C

Made in Japan
