

Digital panel meter Model: SM-20Hz

Features:

- 1- 3 1/2 digits LED display (0.5 inch), max. reading 1999.
- 2- Auto polarity and overload indication.
- 3- Conforms to IEC1010 standard.
- 4- Different models available.

Technical specifications:

- 1- Basic accuracy: $\pm 0.5\%$ Hz
- 2- Operating temperature: -100 to +500°C
- 3- Dielectric strength: AC 2kV/ 1 min
- 4- Isolation resistance: DC 500V, 100M Ω
- 5- Measuring range: 1~199.9 Hz
- 6- Aux. power: AC 110V/220V 50/60Hz, DC 12V, 18V, 24V (optional)
- 7- Power consumption: <1.8VA
