

WIRE STRIPPER GOOT JAPAN

- Adjustable stopper for consistent wire stripping length.
(The length can be adjusted from 2 to 20 mm.)
- Blade cutting depth can be simply adjusted to match the thickness of the insulation material by turning the dial.
- Lightweight and extremely durable Nylon body strengthened by a metal plate and fiber glass.

The value may vary depending on the insulation material.
This tool cannot be used for Teflon or Neoprene rubber wire.

Model	Maximum Strip Section	Length
YS-1	$\phi 0.2-5.5\text{mm}^2$	170mm

Made In Japan
